EXAMINER'S COMMENT

Election/Restrictions

The restriction requirement among species, as set forth in the Office action mailed on 6/30/2005, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). Claims 25-31 and 33-35, directed to non-elected species are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. Claims 1-43 are allowed.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.
